

*Vigna*CASTEL RECHTENTHAL Gewürztraminer

A gravelly hill rises majestically above Rechtenal Castle at the foot of Monte Roen, Tramin's highest peak (2,116 m). Limestone-rich marine sediments and cool downdrafts from the Höllentalbach stream shape this special site, where the Vigna CASTEL RECHTENTHAL Gewürztraminer thrives with remarkable lightness and brilliant acidity.

Only the term "Vigna" guarantees the origin of a single vineyard wine in Alto Adige.
