

Steinbock

RIESLING ZERO SPARKLING

Steinbock Zero is made of grapes from carefully selected vineyards. These non-alcoholic beverages are low in calories and simultaneously exhibit complexity, freshness, and liveliness. Steinbock Zero Sparkling allows you to join the festivities at any time, remaining health-conscious all the time.

In an innovative low-temperature vacuum process, the alcohol is removed from the base wine. This revolutionary technique preserves the primary aromas of the Riesling.

Steinbock Zero is the elegant choice for those who abstain from alcohol but still seek the pleasure of enjoying a drink. With Steinbock Zero and Steinbock Zero Sparkling, you can anytime join the party.

*Alcohol-free,
low in calories,
refreshing*
